Dear Retailer,

Good morning. We'd like to introduce you to our innovative new products to the Australian marketplace, for your consideration on your online store.

We are the creators of the Babyography® and The Petite Post®, (with more exciting concepts in the pipeline). Proudly trademarked by us; they are a keepsake unlike anything else in Australia.

We operate in a relatively (!) child friendly office in sunny Cairns, Queensland, and are currently looking for a handful of select online retailers interested in stocking our products.

Products are custom made to order, so we can operate on a drop shipping basis (if preferred), dispatching direct to your customers (we are happy to include your business branding collateral etc.)
